JUNE 3, 2019**

Alto Virgil

Alto played basketball for Montclair High School where he excelled as an athlete, and earned All State Honors. He was also a two time JUCO All American.

Through hard work and dedication and having a strong work ethic, Alto has been able to accomplish and fulfill his dream of playing at a professional level.

Alto has played Professional Basketball for six years, four of which he played in Europe. Through his travels he has many contacts, such as agents and coaches, in more than eight countries throughout the world.

Alto wanted to find a way to reach out to young people and help them overcome their struggles, and simply find a way to give back.

If you have any questions, please contact Alto Virgil via phone or email.
